SUBSCRIPTIONS

1. Access to your membership record online

Members can now access their own records online by logging on to the Society's website: www.lms.ac.uk/user A member's record will contain the relevant information about them as held by the Society, including contact details and information about their membership and, where applicable, journal subscriptions. Members are encouraged to check this information carefully and make any changes, as necessary.

Queries should be directed to membership@lms.ac.uk, 020 7291 9973.

2. The basic subscription is exclusive of periodicals.

3. The subscription is not payable by a member who:

- (i) is an Honorary Member; or
- (ii) has paid annual subscriptions for not less than 35 years; or
- (iii) is a representative nominated by an Institutional Member.

If you claim free basic subscription please indicate the reason clearly on the subscription form.

4. Concessions are available to members who have returned to full-time education, are on a career break or in part-time working, or are unemployed or otherwise in hardship. Contact membership@lms.ac.uk to enquire further.

LMS PUBLICATIONS

5. The pricing structure allows individual members to access *Bulletin*, *Journal*, *Proceedings* of the LMS and *Nonlinearity* online, free of charge.

From 1 January 2016, only current subscribers to print copies with online access to these journals, for personal use only, may continue to subscribe at a substantial discount.

Subscriptions to *Bulletin*, *Journal* and *Proceedings* of the LMS are administered by Oxford University Press.

Subscriptions to *Nonlinearity* are administered by the Institute of Physics.

In common with other mathematical societies, the Society regards a subscription as for personal use only if:

- a. issues are either destroyed or held on a continuing basis among the member's personal belongings, and are not deposited even temporarily in a library, common room or other public room, and
- b. issues are accessible to other mathematicians (or to students) only with the member's permission, given individually in each case, and
- c. electronic subscriptions are only for personal use and may not be made accessible to other mathematicians.

Issues are the personal property of members, who would be able, without negotiation with authorities, to take the issues with them if they left their present institution or to give them to another individual who is willing to abide by these terms.

6. The Society reserves the right to discontinue the supply of periodicals to members whose subscriptions remain unpaid by *1 December 2015* (where the subscription arrives after 1 December, then back issues will be supplied but with some delay).
